Ophthalmologist | Academic Leader | Clinical Innovator

Advancing Vision Care Through Precision Surgery, Innovative Treatments, and Academic Excellence

Dynamic and accomplished Associate Professor and Ophthalmologist with extensive experience in delivering advanced, patient-centered ophthalmic care across anterior and posterior segment disorders. Demonstrates expertise in performing high-precision cataract, refractive, glaucoma, and oculoplastic surgeries, alongside laser and anti-VEGF applications. Adept at leveraging cutting-edge diagnostic tools such as OCT, FFA, and visual field analysis to guide clinical decision-making. Skilled in leading multidisciplinary teams, mentoring medical staff, and fostering evidence-based practice. Committed to academic excellence through teaching, research, and journal contributions. Drives continuous clinical innovation, patient safety initiatives, and operational efficiency. Recognized for community outreach programs and preventive eye care initiatives, enhancing population health outcomes. Proficient in managing complex ocular trauma cases and ocular diseases, ensuring optimal visual rehabilitation. Expert in implementing personalized treatment plans for chronic eye conditions, improving long-term patient outcomes.

Key Skills:

- Advanced Ophthalmic Surgery
- Laser and Anti-VEGF Applications
- Cataract, Glaucoma & Refractive Procedures
- Oculoplastic Interventions
- Clinical Diagnostics & Imaging (OCT, FFA, Visual Field)
- Patient Management & Counseling
- Pre- and Post-Operative Care
- Academic & Clinical Teaching
- Mentoring & Training Medical Staff
- Multidisciplinary Team Leadership
- Clinical Audits & Quality Assurance
- Research, Publications & Journal Reviewing
- Community Outreach & Preventive Screening
- Protocol Development & Implementation
- Hospital Operations & Workflow Optimization
- Evidence-Based Practice & Continuous Improvement

Advanced Clinical & Surgical Expertise

- Performing high-volume cataract surgeries (Phacoemulsification & IOL Implantation, 10,000+ cases) with precision and optimal visual outcomes.
- Executing excimer laser procedures (LASIK, PRK, 1,000+ cases) for refractive error correction.
- Managing complex anterior and posterior segment disorders, including glaucoma, strabismus, pterygium with autograft, and chalazion surgeries.
- Conducting specialized oculoplastic procedures: ptosis correction, upper and lower blepharoplasty, dacryocystorhinostomy, lid tumor excision, entropion and ectropion repairs.
- Administering advanced laser therapies including YAG, Argon, IPL, Plexr, and anti-VEGF applications.
- Diagnosing, treating, and monitoring patients with refractive errors, infectious and inflammatory eye diseases, glaucoma (via visual field and OCT), SMD, and diabetic retinopathy (via FFA and OCT).

Professional Experience

2017 – Present: Private Konyagöz Hospital, Konya, Turkey as Ophthalmologist

2016 – 2017: Private Dünyagöz Hospital, Konya, Turkey as Ophthalmologist

1999 – 2016: Kızılay Hospital, Konya, Turkey as Ophthalmologist

1995 – 1998: Selçuk University, Konya, Turkey as Ophthalmology Resident

1994 – 1995: Obligatory Service, Yozgat, Turkey as General Practitioner

Key Deliverables:

- Delivering ophthalmic care, including diagnosis, medical management, and surgical interventions across anterior and posterior segment disorders.
- Performing advanced cataract, glaucoma, refractive, and laser procedures with precision, maintaining high success rates and adherence to international clinical standards.
- Leading and coordinating multidisciplinary care teams, including optometrists, nurses, and technicians, to optimize patient outcomes and streamline clinical operations.
- Conducting patient counseling, pre- and post-operative care, follow-ups, and health education, ensuring patient safety, satisfaction, and adherence to preventive eye care practices.
- Supervising, mentoring, and training junior doctors, residents, and medical students, fostering clinical skill development and promoting evidence-based practice.
- Participating in academic activities, clinical audits, and research projects to enhance ophthalmology knowledge, improve protocols, and implement quality-driven care initiatives.
- Managing complex and high-volume patient caseloads, ensuring timely interventions, accurate documentation, and continuous improvement in operational efficiency.

- Implementing and monitoring infection control, patient safety, and quality assurance protocols within the hospital setting.
- Performing advanced diagnostic assessments such as OCT, fundus photography, visual field analysis, and biometry to guide clinical and surgical decision-making.
- Engaging in continuous professional development and attending conferences to stay updated with emerging technologies, techniques, and best practices in ophthalmology.
- Coordinating with cross functional and administrative teams to optimize clinic workflows, reduce patient waiting times, and improve overall hospital efficiency.
- Playing a key role in leading patient-centered initiatives for community outreach, preventive screenings, and early detection programs for ocular diseases.

Teaching Assignments

2021–2022: Konya KTO Karatay University, Faculty of Medicine (Part-time)

2017–2018: Konya KTO Karatay University, Faculty of Health Sciences (Part-time)

2016–2017: Konya KTO Karatay University, Faculty of Health Sciences (Part-time)

- Delivered lectures and practical sessions to medical & health sciences students, fostered clinical knowledge and critical thinking.
- Supervised student projects, case studies, and research activities, ensured adherence to academic and clinical standards.
- Mentored and guided students in clinical rotations, simulation labs, and practical skill development.
- Contributed to curriculum planning, assessment design, and quality improvement initiatives within the faculty.

Education & Credentials

- Ophthalmology Specialization | Selçuk University, Faculty of Medicine, Ophthalmology Department, Konya, Turkey, 1995–1998
- Medical Education (English) | Hacettepe University, Faculty of Medicine, Ankara, Turkey, 1987–1994
- English Prep School | Hacettepe University, Faculty of Medicine, Ankara, Turkey, 1986–1987
- High School | Yıldırım Bayezit Lisesi, Bursa, Turkey, 1983–1986

Certificates & Licenses

- Türkiye – Registered Ophthalmologist
- DHA Dubai – Licensed Specialist
- MOH UAE – License in Progress
- Dataflow Verification, Qatar Healthcare System | Apr 2025
- Dubai Health Authority (DHA) Registration Certificate | Dec 2024
- Saudi Arabia Dataflow for License | In Progress
- Associate Professor Certificate | Jan 2021
- European Board of Ophthalmology (EBO) Diploma | May 2018
- Ophthalmologist License | Oct 1998
- Medical Doctor (MD) | Jan 1994

Professional Memberships

- Turkish Medical Association | Member since 1994
- Turkish Society of Ophthalmology | Member since 1995
